

CBD Hemp Oil Capsules 450 MG of CBD

\$44.99

CBD oil capsules are one of the most convenient ways to get CBD and a full spectrum of cannabinoids into your system. In the knowledge that you get the exact serving size each time, CBD capsules provide a sure way to ensure you take just the amount you need. Made with only natural ingredients, our CBD capsules absorb quickly into the body and are a particularly effective format for those with inflammation of the digestive system.

- 30 capsules per bottle, a total of 450 mg of CBD per bottle .
- 15 mg of CBD plus 375 mg of hemp oil per capsule.
- Full-spectrum hemp oil extract ensures you get the benefit of many cannabinoids and terpenes.
- Organic hemp CO₂ extracted in a chemical-free process for maximum purity and quality.
- Other natural molecules include: alkanes, nitrogenous compounds, amino acids, sugars, aldehydes, alcohols, ketones, flavanoids, glycosides, vitamins, pigments and water.

If you want the best, buy CBD capsules from Elixinol – our products are organic with our guarantee that our CBD capsules contain a full range of cannabinoids to achieve maximum benefit.
